<b>DOWN</b>
<b>1 Down:</b> Throw in the _____? A play on words using this assessment measure.
<b>2 Down:</b> BehaviorSnap, Headspace, and School Psychology Tools are a few of these
<b>3 Down:</b> While most names of assessment measures come from acronyms, the name of this neuropsychological assessment stems from one word (the word it stems from is somewhere in the clue).
<b>5 Down:</b> School psychologist state association for the "Cornhusker State."
<b>6 Down:</b> This acronym represents non-classroom educators such as school psychologists, school nurses, school counselors, etc. This acronym is used in federal education statute. There is an annual national appreciation week and an association dedicated to supporting this entire group of professionals.
<b>ACROSS</b>
<b>1 Across:</b> The school psychologist removed the FBA notes from her _____ clipboard. (Common color of a clipboard)
<b>4 Across:</b> Another word for "unzips" in the context of "unzips the bag containing the RIAS-2."
<b>7 Across:</b> This assessment measure has a subtest that requires students to memorize the location of animal cards on a map, and then place the cards in the same location.
<b>8 Across:</b> School psychs from the "Lone Star State"
<b>9 Across:</b> This word means <i>to chatter at length</i> and can humorously describe what students do while eating lunch.

<b>WHY CROSSWORD PUZZLES?</b>
<p>School psychologists always work together in multi-disciplinary teams to problem solve how to help students. Meeting the unique needs of a student can be similar to solving a puzzle. It is intended that school psychologists work together in groups on these crossword puzzles to demonstrate how each person's knowledge and experience contributes to solving the puzzle. This symbolizes the importance of collaboration among team members when working together to help students. It is also a great team-building exercise with the added benefit of school psychologists learning new things about their job.</p>
