DOWN
<b>1 Down:</b> Something a school psychologist may want to do after a long day of work
<b>2 Down:</b> The Woodcock Johnson IV test kit comes with these for the Achievement and Cognitive batteries.
<b>3 Down:</b> What you hope happens to student intervention data
<b>4 Down:</b> Lawyers are to JDs as clinical psychologists are to
<b>7 Down:</b> " ____ misbehavior in the bud"

WHY CROSSWORD PUZZLES?
<p>School psychologists always work together in multi-disciplinary teams to problem solve how to help students. Meeting the unique needs of a student can be similar to solving a puzzle. It is intended that school psychologists work together in groups on these crossword puzzles to demonstrate how each person's knowledge and experience contributes to solving the puzzle. This symbolizes the importance of collaboration among team members when working together to help students. It is also a great team-building exercise with the added benefit of school psychologists learning new things about their job.</p>
