ACROSS	
1 Across:	This is an eligibility category and the answer to 5 Down is a clue to which eligibility category this is
4 Across:	The data can help determine which behaviors are _____ than others.
6 Across:	Major amendment from 2004 that school psychologists are very knowledgeable of
7 Across:	The school psychologist was given a district laptop, but she observed that it was old and slow. For years, it became a _____ in her side as it glitched and froze while she wrote reports.
8 Across:	Words of inspiration for graduate school students: If cauliflower can become pizza, you can definitely become a school psychologist and obtain this degree (choose the degree most commonly held by school psychologists)
DOWN	
1 Down:	A delicious snack when taking a break from report writing
2 Down:	Successor
3 Down:	“ _____ to the IEP meeting because I was late.”
4 Down:	1) Receiving a prescription from a doctor saying the student should get an IEP 2) Your office is a closet 3) Having your job title written wrong (i.e. Spycologist, Psychiatrist, or School Psycho). These can all be humorously described as a school psychologist’s _____ of passage.
5 Down:	Boys are more likely to be diagnosed with this than girls (12.9% compared to 5.6%; taken from CDC)

WHY CROSSWORD PUZZLES?
<p>School psychologists always work together in multi-disciplinary teams to problem solve how to help students. Meeting the unique needs of a student can be similar to solving a puzzle. It is intended that school psychologists work together in groups on these crossword puzzles to demonstrate how each person’s knowledge and experience contributes to solving the puzzle. This symbolizes the importance of collaboration among team members when working together to help students. It is also a great team-building exercise with the added benefit of school psychologists learning new things about their job.</p>
